EDUCATION AND EXPERIENCE:

Any combination equivalent to experience and education that could likely provide the required knowledge and abilities would be qualifying. A typical way to obtain the knowledge and abilities would be:

Equivalent to a bachelor's degree from an accredited college or university with a major related to construction management or other related specialization, and five to seven years of increasingly responsible experience related to assigned competency; at least two years of supervisory experience and two years of experience working with construction management contractors.

Project assignments may require or find certain specific professional

accreditations desirable such as:

- Professional Civil Engineer
- Leadership in Energy & Environmental Design, LEED
- Certified Construction Manager, CCM designated by CMCI

PHYSICAL/MENTAL DEMANDS AND ENVIRONMENTAL SETTING:

To perform a job in this classification, an individual must be able to perform the essential duties as generally described in the specification. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential duties in a specific job. The requirements listed below are representative of the knowledge, skill and/or ability required.

While performing the duties of this class, an employee is regularly required to sit; talk or hear, in person and by telephone; use hands to finger, handle, feel or operate standard office equipment; and reach with hands and arms. An employee is frequently required to walk on level ground or other terrain, stand, climb on ladders and scaffolding, stoop, bend and squat. Specific vision abilities required by this job include close vision and the ability to adjust focus to read and operate office equipment as necessary during the course of the work assignments.

While performing the duties, employees of this class are regularly required to use written and oral communication skills; properly read and interpret financial and statistical data, information and documents; analyze and solve problems; use math and apply mathematical reasoning and abstract statistical concepts; observe and interpret people and situations; learn and apply new information or skills; perform highly detailed and complex work on multiple, concurrent tasks; work under intensive deadlines; and interact with staff, Council members and others encountered in the course of work.

Work is performed in office and field settings and as a result may be exposed to weather conditions and loud noises. The incumbent is required to meet with other staff, the public and officials at various City locations and may travel to off-site locations as necessary.

This is an at-will Management classification.
